

Pagan Experience Studies

A mystical forest scene at night. The trees are dark and gnarled, with glowing green and blue lights emanating from their branches and leaves. A path of light leads through the forest, and a small lantern hangs from a tree on the left. The overall atmosphere is magical and ethereal.

The Jupiter-Neptune Conjunction in Astrological Pisces

April 12.2022

♊ PISCES

The Path of UNDERSTANDING

Mystical dreaminess, warmth, and healing compassion seeking self-transcendence; where you will be challenged to discern between illumination and illusion. Here is a doorway, either to higher spiritual knowledge or to escape through day-dreaming or self-indulgence. It's difficult to learn to trust and follow your intuition, and you will feel as if you are acting blindly.

What Do You Need to Claim (Jupiter) and What Do You Need to Release (Neptune)

House	Jupiter	Neptune
1	Spiritual choices that are your truth	Need to impress anyone and self-doubt
2	Tools and appropriate resources for growth	Humility that is not of service and apology for who you are
3	Courage to speak confidently of your spiritual nature and experiences	Seeking approval from false prophets
4	Creating an environment supportive and conducive to spiritual practice	Obligations that do not serve who you are, family included
5	The creativity inherent within a being of Divine light	Excess and overthinking what creation may be for you
6	Right actions and people that/who align with your continued growth-mentors, teachers, fellow walkers on your path	Being held captive to the glamour of those who we perceive as teachers, mentors and fellow seekers

House	Jupiter - Claim	Neptune - Release
7	The spiritual nature of all of your relationships and connections of learning	Any relationships that hold you back from who you truly are
8	The ability to see clearly and have honesty about your spiritual pursuits and passions	All that hinders the flow of passion and honesty- all that is of judgment and defensively creates barriers to your fullest potential
9	Expansion of your spiritual knowledge and baseline through interaction and community-teachings and gatherings	All that is outdated within your beliefs of what true spirituality looks/feels and is experienced as
10	Courage to share your spiritual accomplishments and place of standing with your community and in benefit of others growth	False perceptions of yourself as the ends and the means
11	Making your spiritual practice the most important thing in your persona	Allowing others to influence how you customize your growth
12	The power of your evolutionary path to SPIRIT	Doubt – lack of clarity – false humility

*“May the Angels of Jupiter whisper wisdom
in my ears telling me what I rightfully need
to claim, and may the Angels of Neptune
whisper wisdom in my ears telling me
what I need to let go.”*
